What are we learning in 5th Grade?

Math – Students will explain patterns in the place value system from one million to the thousandths place. They will read, write, and compare decimals to the thousandths. Students will represent and interpret data. (5.NBT.1, 5.NBT.3, 5.MD.2)

ELA – Students will be reading informational text to determine main ideas and summarize chapters of a book. They will be explaining the relationship between key ideas in the text as well.

Science – Force & Motion - 5.P.1 Understand force, motion and the relationship between them. - 5.P.1.1 Students will explain how factors such as gravity, friction, and change in mass affect the motion of objects. 5.P.1.2 Students will infer the motion of objects in terms of how far they travel in a certain amount of time and the direction in which they travel. 5.P.1.3 Students will illustrate the motion of an object using a graph to show a change in position over a period of time. 5.P.1.4 Students will predict the effect of a given force or a change in mass on the motion of an object.

**The next payment for our Washington, D.C.
trip is due by Friday, January 31, 2020.**

\$101 per person going on the trip.

**Please plan accordingly as this date is firm,
no exceptions. We appreciate your support.**
